Israeli strategists viewed Iraq as their biggest strategic challenge from an Arab state. This is why Iraq was outlined as the centerpiece to the balkanization of the Middle East and the Arab World. In Iraq, on the basis of the concepts of the Yinon Plan, Israeli strategists have called for the division of Iraq into a Kurdish state and two Arab states, one for Shiite Muslims and the other for Sunni Muslims. The first step towards establishing this was a war between Iraq and Iran, which the Yinon Plan discusses.

The Atlantic, in 2006, and the U.S. military's Armed Forces Journal, in 2006, both published widely circulated maps that closely followed the outline of the Yinon Plan. Aside from a divided Iraq, which the Biden Plan also calls for, the Yinon Plan calls for a divided Lebanon, Egypt, and Syria. The partitioning of Iran, Turkey, Somalia, and Pakistan also all fall into line with these views. The Yinon Plan also calls for dissolution in North Africa and forecasts it as starting from Egypt and then spilling over into Sudan, Libya, and the rest of the region.

Everyone worships something, or someone—in our age namely themselves.

Turning away from God has led to a spiritual sickness whose fruits include a widespread birth rate crisis, the mass slaughter of children in the womb to the tune of tens of millions, the castration of children, rampant loneliness, anxiety, mental illness, and isolation, widespread deaths of despair, and a depraved, destructive, hollow, and degenerate culture of slop.

Minds are warped and distorted to the point of mass formation psychosis in what can only be described as madness.
